

SAISA INLAND NORTH POINTS 6 REGATTA

Lake Norman, NC
December 13, 2008

Ten high school sailing teams competed in the sixth South Atlantic Interscholastic Sailing Association (SAISA) North Points regatta of the 2008/2009 season. PRO Bill Ross and his race committee used all points on the compass to complete eight races out of the scheduled ten races for a full rotation in winds that gradually diminished as the day went on and finally disappeared.

Lake Norman High School won first place overall topping Northwest Cabarrus and Chapel Hill High Schools that tied for second place overall. A combination team of Leesville and Enloe High Schools finished first place in A division with straight bullets and Lake Norman High School finished in second place. Lake Norman High School finished in first place in B division with three first place finishes and a combination team from Riverside and Wakefield High Schools finished in second place.

This was the last regularly scheduled regatta for the Inland Division. In looking at regatta results, we came up with a couple trivia questions:

1. Observation: Why did the host team only win one regatta in their home waters – was there outside influence at their home port?

<u>Host</u>	<u>Overall Winner</u>
Knoxville	Lake Norman
Lake Norman	Farragut
Knoxville	Chapel Hill
Lake Norman	Farragut
Research Triangle Park	Farragut
Lake Norman	Lake Norman

2. Observation: Why did the A Division Teams never win their division in their home waters?

<u>Host</u>	<u>A Division Winner</u>
Knoxville	Lake Norman
Lake Norman	Leesville
Knoxville	Leesville
Lake Norman	Farragut
Research Triangle Park	Lake Norman
Lake Norman	Leesville
